

CALLING ALL WOMEN!

Trauma is often women's "pathway" into the criminal justice system

- ❖ Is past trauma still impacting your present ... and future?
- ❖ Do you recognize the impact of traumatic experiences on your current behavior?
- ❖ Would you like to learn to build resilience and coping skills through an interactive journaling process?

OUR "TRAUMA IN LIFE" GROUP CAN HELP!

Our focus will be on interactive journaling techniques using a variety of media.

Please join us for a 5-session support group beginning January 4th from 10am - noon.

(This session's groups will be held January 4, 11, 18, 25, and February 1.)

Upon completion all participants will receive a special gift basket to continue their progress. This is a closed group for women with criminal history, and you should attend all 5 sessions.

You do NOT need to be on supervision to attend.

Let us know in advance if you need assistance with transportation.*

We meet from 10am-noon at the Community Justice Center, 9105-B NE Highway 99, Vancouver.
