NATIONAL NIGHT OUT

Join Us for National Night Out, America's Night Out Against Crime 2015

Tuesday, August 4th from 5-7pm

America's Night Out Against Crime is an event that raises community-police awareness introduced by the National Association of Town Watch, a non-profit, crime management association in 1984. It is celebrated on the first Tuesday of August and is a dedicated organization that aims at the development, growth and maintenance of organized crime and drug prevention activities nationwide. While the one night is certainly not an answer to crime, drugs and violence; National Night Out does represent the kind of spirit, energy and determination that is helping to make many neighborhoods safer places throughout the year.

We are encouraging you to be a part of the national program America's Night Out Against Crime this coming August. In the past we have not formally been a part of this event but would really like to see our Truman neighbors reach out to those that live around you and plan some kind of event. One idea we like is to "Fight Crime In Your Driveway". You can plan a small barbeque with your neighbors, people can do this in their driveways or gather at one home and share potluck dishes. You can plan an "Ice Cream Sundae" party in your driveway. Start talking to your neighbors now and email us and let us know what you are planning for Night Out Against Crime. ***I will need some advance notice to arrange for one of our Clark County Sheriff Deputies to swing by and say hello if they are able.***

This is a great time to recruit someone to be your Truman neighborhood Crime Watch Block Captain if you don't already have one. I would be happy to meet with any potential volunteer to explain what is involved, it's very easy. I do recommend when you meet with your neighbors to share your contact information so if something suspicious is happening around their home. This way you will know how to reach them, whether day or night, or for that matter when they're away on vacation.

There are many ways in which you can participate in this event, talk with your neighbors now and exchange some ideas. Let's see how many Truman neighbors we can get involved on Tuesday, August 4th! We want to hear from you, please email us at trumanneighborhood@gmail.com or trumancrimewatch@gmail.com!

OFFENDER WATCH EMAIL ALERT

Did You Know There Is A Clark County Sheriff's Office Offender Watch Email Alert?

Did you know you can register with the Clark County Sheriff's Office for email notices of sex offenders who have been released and are living in your area? It's very easy to go to the Clark County Sheriff's Office website and register for these notices. Please follow the link at the end of this article to direct you to registering for email alerts with the Clark County Sheriff's Office. The email alerts show the photograph of the offender, physical description and it lists the offenses for which they were convicted.

This notification will help you and your family in avoiding situations that could put you in a vulnerable position. The Sheriff's Office reminds us these individuals have served their sentences and are not wanted by the Sheriff's Office at this time.

Children are some times most vulnerable to these offenders so open communication between parents and children are vital to family safety. The Sheriff's Office says if there is a photograph available, you should show it to your family and explain this person has hurt someone before and they should stay away from this individual. You can also put in your zip code and it will show all of these offenders and the area in which they reside. At the time this was written there are 8 offenders living in the Truman neighborhood.

We hope you will take the time to register for this service. We need to understand we should all be on high alert when it comes to our family's safety. We have several Level II and a Level III offender living in our neighborhood and this is one way to be aware. According to the Sheriff's website Level III offenders and those sex/kidnap offenders who, based on currently known information, are rated most dangerous to the public and who are a high risk to re-offend within the community at large.

The purpose of this information is not to instill fear but to help you protect your family as only you can do. We all need to be diligent and aware of our surroundings.
