Comp Plan Map? Zoning Map?

What's the difference?

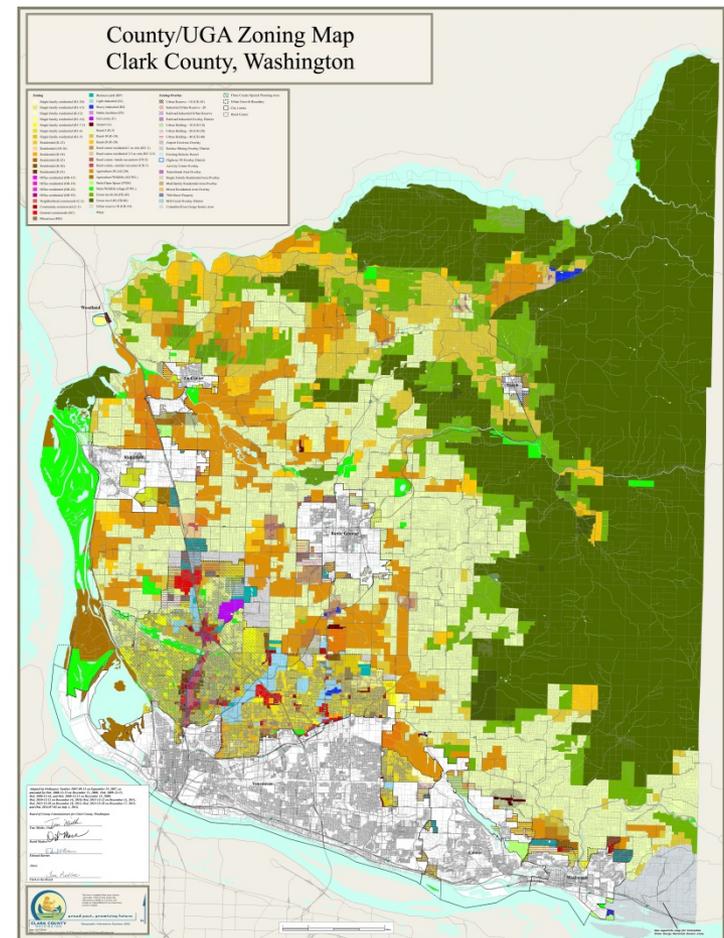

Comprehensive Plan Map:

Establishes land use designations for all land in Clark County. It shows the long-term vision of how and where the county will change over the next 20 years.

Zoning Map:

Specifies the types of land uses, setbacks, lot size, and size restrictions for buildings within each zone.

Alternative 2

The county is proposing changes in land use/zoning that supports job growth and reflects development trends.

Rural County

Minimum parcel size changes for AG-20, FR-40 and some R-20

Urban Reserve

Removal of overlay in North Salmon Creek area to reflect current development trends

Public Facilities

Creation of a Public Facility zone to identify publicly owned facilities

Urban Holding

Removal of overlay in Fisher's swale area to reflect current development trends

Mixed Use

Matching comp plan designation to zoning

Vancouver UGA

Land use changes to support job growth in Salmon Creek and Discovery area

Battle Ground UGA

Land use changes from industrial to residential to reflect current development

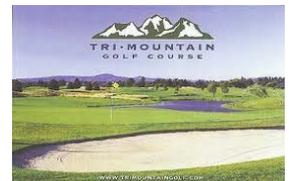

Washougal UGA

Alternative 2

Comprehensive plan map clean up

1. Consolidation of comprehensive plan land use designations

- **Rural:** Consolidate multiple Rural comp plan designations (R-5, R-10, R-20) to one **Rural (R)** designation
- **Forest:** Consolidate two Forest comp plan designations (Forest Tier I and Forest Tier II) to one **Forest (F)** designation
- **Commercial:** Consolidate multiple urban commercial comp plan designations (Neighborhood, Community and General) to one **Commercial (C)** designation
- **Urban Reserve:** Combine Urban Reserve (UR) comp plan designation and overlays into one urban reserve overlay. Implemented on the zoning map by UR-10 overlay on residential and UR-20 overlay on all other zones.
- **Urban Holding:** Create an Urban Holding overlay (UH) comp plan designation. Implemented on the zoning map by UH-10 for residential and UH-20 on all other zones.
