At a work session on December 13, the commissioners approved plans for three maps to receive detailed study prior to any further action. These "draft environmental impact statement" maps include:

- Alternative 1: A "No Action" alternative reflecting the growth plan adopted in September 2004.
- Alternative 2: The "2005 Discussion Map" as of December 13, which encompasses values, principles, planning assumptions, and growth projections identified by the Board of County Commissioners to guide additional work.
- Alternative 3: A "Geographic Flexibility Map" to examine lands that could be used to adjust or refine Alternative 2, to create a more formal proposal for new boundaries.
