

Clark County Parks and Open Space Comprehensive Management Plan

Purpose

- Update the Planning Commission on the work of the Parks Advisory Board on the Parks Comprehensive Plan
- Discuss the mission, vision, goals, and objectives adopted by the Parks Advisory Board
- Discuss next steps and timeline for the Parks Comprehensive Plan

Background

- The Clark County Parks Division was created last year under the Department of Public Works
- The state requires a comprehensive parks master plan to qualify for state grant funding for projects
- The plan requires extensive citizen involvement to help set priorities for the future of parks

The Parks Advisory Board approved Mission and Vision statements

- **Vision statement:** Clark County Parks & Recreation strengthens the quality of life for the entire community.
- **Mission statement:** Provide an interconnected system of parks, trails, recreation facilities and natural areas that support diverse recreation, environmental stewardship and economic development.
- The Parks Advisory Board and staff used extensive public outreach to identify key future priorities in preparation of the mission, vision, goals and objectives.

Public Involvement & Outreach

- Three open houses
- CMTV video
- Online survey
- Four stakeholder interviews
