

# Chickenpox / Shingles Report Form

While not a reportable disease, one case of chickenpox in a school represents the potential for an outbreak. The Communicable Disease Unit will follow up with you to provide letters and FAQ sheets you can share with parents/guardians in the classroom and/or school wide.

**Instructions:** Please use this worksheet to report all chickenpox and/or shingles cases in the school. Please fax this information to CCPH or call with any questions. CCPH will contact parent/guardian to request additional information.

Case Information:		Parent/Guardian Information:
