During An Emergency, Use These Tools To Stay Informed...

www.cresa911.org

- Do not call 9-1-1 unless you are having an actual emergency.
- Listen to your NOAA Weather Radio, following any alert tones.
- Turn on your Television to hear (or see) any Emergency Alerts.
- Tune to your Favorite News Radio (Local area) Station.
- Ensure your phones are turned on and fully charged.
- Have paper and pen nearby your phone to write down any immediate emergency instructions.
- Check the CRESA Blog, Facebook or Twitter Feed online or via your mobile device for the latest information!
